#### **A word about presentation vs.**

**appearance**: Judging on **appearance** means the judges will be looking at the food only; whether the food item exhibits "normal" properties, how it looks in the container and whether the individual portion looks appetizing on the plate.

If the rules state an entry will be judged on **presentation**, the judges will be looking at the serving dish and any other decorative item the contestant may choose to stimulate the appetite or express the theme of the dish, along with the appearance of the food.

Your dish must be cooked before arrival, must be sweet potato based and must serve at least four people.

**Contestants will not be allowed to “place” their entries, so please do not bring decorative items. Presentation is not a part of the judging score card.**
